Attendance

take attendance at this part.

Meeting note taker: Thanh

Meeting Goals:

We have a Team Video due Tomorow (11/22 at 11:59 PM) so for the video we should have the following working by the end of the meeting:

1) All pages merged to main
2) Can switch between the 3 Pages on the merged website
3) currRecipe Object can be changed and loaded on each page.
4) (If time) Get banner displayed on all other pages.

Recipe Data Structure (Preface)

On the Next Slide I made a recipe diagram to display the current inner workings of our website, so we can make sure everyone is on the same page.

If your group has any differences or questions about the diagram, please bring them up

Recipe Data Structure (Diagram)

Week 9 Project Structure Diagram

Home Page

myRecipes   Recipes Contact

RecipeTitle	RecipeTitle2
CookTime: 5 mins	CookTime: 10 mins

When Title is clicked, redirects to view page
and sets the clicked recipe to currRecipe.
Displays all recipes in 'recipes' array

View Page

RecipeTitle   Home Page | Edit Page

Tools: Hammer, nail, fork

Ingredients: Bacon

Steps:
1. cook
2. eat

Reads currRecipe and displays the
information

Edit Page

Title:

Tools: Add Image

Ingredients:
{Add Ingredient}

Steps:
{Add Step}

Save | Discard Changes

Fills the forms with data from currRecipe and allows editing of recipes.
If currRecipe is "null", everything is empty initially.

Local Storage

```
currRecipe: {
    "imgSrc": "/cse110-sp21-group36/source/assets/images/plus_sign.png",
    "recipeName": "RecipeTitle2",
    "mealType": ["breakfast", "lunch"],
    "totalTime": 10,
    "ingredients": ["cheese", "bacon"],
    "steps": ["step 1", "2nd step"],
    "favorite": false,
    "tools": ["tool 1", "knife"],
    "difficulty": "hard",
    "notes": "very fun recipe"
}
```

```

Display Collective Pages and Pull Requests

- Verify team's progress with page development
- Merge into Main to work on issues and conflicts

3 Teams Present what they've accomplished so far:

- Home Page Team
- Recipe Editor Team
- Recipe Viewer Team

Work to Meet Objectives (Rest of the Meeting)

1) All pages merged to main
2) Can switch between the 3 Pages on the merged website
3) currRecipe Object can be changed and loaded on each page.
4) (If time) Get banner displayed on all other pages.
5) Bonus if everything compiles with no errors

MEETING END!
